Free Meson Seminar

<i>Speaker</i>	:	Sunil Mukhi
<i>Topic</i>	:	2+1=3, a short history of the Higgs mechanism
<i>Day, Date & Time</i>	:	Thursday, August 9, 2012 at 2:30 p.m.
<i>Place</i>	:	AG 69

Abstract

This will be a review of the developments that led to the Higgs mechanism and the Higgs particle becoming an essential feature of the Standard Model of particle physics.

(Nilmani Mathur)
